FIFRA SAP NAMs  
Meeting Minutes ...

Dana, Anna and Monique. Please find attached the response to comments (or recommendations by charge question) table for the NAMs peer review. After sometime and not necessarily @90 days after the publication of the meeting minutes, we look to receive this document from HED with completed responses regarding the actions that "have been" or "will be taken" to respond to the committee's recommendations. To note, this table was developed by our contractor who identified the recommendations from the text of the meeting minutes/final report (also attached; emailed to you on 12/21/2020). OPS recommends that OPP review the listing and then develop an appropriate listing of responses.

We hope this is helpful and let me know if you have any questions or suggestions.
